Dear Valued Exhibitors,

### **FUTUREBUILD SEA & HEAVY MACH RESCHEDULED TO 20 – 22 OCTOBER 2020**

Futurebuild SEA and Heavy Mach under the umbrella of ASEAN Super 8 will be rescheduled from 20 – 22 October 2020, and it will be held in Malaysia International Trade and Exhibition Centre (MITEC).

The decision to rescheduled Futurebuild SEA and Heavy Mach, which was originally scheduled from 23 to 25 June 2020, is taken with regret after careful consideration and close consultations with the key stakeholders, exhibitors and industry partners due to recent and increasing travel restrictions impacting industry participation and new travel measures enacted by the Malaysia government in light of the COVID-19 situation.

This is a challenging time for all of us and believe that the built environment industry will continue to prosper. We sincerely hope that all exhibitors would unite and support the new dates which have been taken from commercial considerations and in your interest. We will continue to work closely with all participants to ensure the success of the show in October.

The Organiser will take the precautionary measures at the exhibition venue for the safety and wellbeing of all participants at the same time closely monitor the development of the issue and adhere to government's instruction, make appropriate and necessary adjustment to the exhibition if needed.

Thank you for your consistent participation and understanding. Your continuous support for Futurebuild SEA and Heavy Mach is greatly appreciated.

Should you require assistance or more information, please do not hesitate to contact us.

Yours sincerely,

Alice Lem  
Deputy Event Director, ASEAN Super 8
